

# ALERT

There is a watch alert regarding many burglaries happening in the Cedar Hills area, especially around Cedar Hills Blvd and Parkway.

About 12 homes have been burglarized.

A few witnesses have described a man in his 40's, dark brown to black hair with longish in the back and a U shaped balding pattern.

He has been described as 'decently' dressed but still scruffy. He may even be dressed posing like a delivery person or salesman. He goes door to door acting like he is selling something but if he does not get an answer will go to the back of the house trying to find his way in and burglarize the residence. This is mostly happening in the daytime. Please keep a watch out for any activity in your area.

If you see someone that fits this description please call Non-emergency dispatch at 503-629-0111 or if you see someone actively burglarizing a house, call 911. Don't hesitate to call as every minute counts in helping deputies catch this man.
